

Savings

Often, it is difficult to decide what to do with excess funds - we can help! Here are some great ways to save:

Reduce your debt

Up your monthly payments to lower your debt more quickly. This allows you to increase your financial security and creates capacity to grow your savings.

Contribute to your kids/grandchildren's RESP

By taking advantage of the current markets rates, you can start saving for your loved one's future.

Set up an Emergency Fund

An Emergency Fund is a financial safety net designed to cover life's unforeseeable but necessary expenses.

Invest using Save the Change*

Alterna's Save the Change program allows you to save small amounts easily by rounding up the purchase price of every point of sales transaction to the nearest dollar. That amount is then moved to a designated savings account.

Invest with a Pay Yourself First Account*

A Pay Yourself First Account allows you to easily save money by setting up an automated amount to be deducted and moved to a designated savings account at your choosing.

Nest Egg Term Deposit*

This type of term deposit gives you an easy way to put aside small amounts of money and earn competitive interest rates to help you build toward a longer-term goal.

Flexi-Growth Term Deposit*

A unique term deposit that allows you to earn an escalating, guaranteed rate of interest over time. The longer you hold the term, the more interest you earn!

Saving your money is GOOD, growing it is even better.
