

Alterna Savings launches MyReceipts™, a seamless digital receipt management solution powered by Sensibill.

TORONTO, ON - (July 20, 2018) Alterna Savings members can now save and organize their receipts right from their Alterna Savings mobile banking app with MyReceipts™, a seamless digital receipt management solution powered by Sensibill. This secure tool allows Alterna members to snap, save and store their receipts in real-time. From there, members can break down spending habits and itemize purchase information any way they like.

MyReceipts™ makes managing receipts for Alterna Savings members a lot easier. The digital receipt management tool helps members to stay organized well in advance of tax time, captures incredibly detailed purchase information for budgets, saves retail receipts directly in the app for return/warranty purposes, and lastly tracks and organizes expenses in customizable folders. Alterna Savings members can snap, save and download detailed information that not only meet CRA requirements, but also helps them never hunt down a receipt again.

“It’s all about empowering our members with convenient solutions that allow them to take control of their finances.” explains Rob Paterson, President and CEO of Alterna. “more businesses are looking to partner with value-driven financial institutions like Alterna Savings who provide on-the-go banking solutions to their members. So, quick and easy access to mobile banking services is what we strive to offer them. Thanks to our partnership with Sensibill, members will no longer have to hunt-down receipts and manually itemize them for tax purposes. MyReceipts™ keeps track of their expenses, which makes managing their money a lot easier for them.”

At Alterna, we strive to meet the changing needs of our members by providing digital options, online and mobile conveniences. We are pleased to add to our members’ experience this advanced and powerful receipt processing engine that employs ‘Bank Tough’ security controls to guard customer data. Alterna Savings partnership with Sensibill gives our credit union’s mobile app a distinct edge in the market, as the only credit union in Canada to offer a robust backend receipt processing engine powered by Sensibill.

“It gives us great pleasure to support Canadian credit unions - especially customer-focused organizations like Alterna. They serve to remind the industry that size doesn’t prohibit innovation, and we look forward to helping them ramp up their digital efforts,” said Corey Gross, CEO & Co-Founder at Sensibill.

About the Alterna Financial Group

The Alterna Financial Group (Alterna) is celebrating 110 years of being the good in banking!
